

BAHATI Arsene

ASPIRING SOFTWARE DEVELOPER

Kigali, Rwanda | bahatiarsene001@gmail.com | github.com/bahati001

PROFESSIONAL PROFILE

Motivated software development student at the African University of Central Africa (AUCA), with hands-on academic project experience in Java, web development, and database systems. Interested in building practical, user-focused applications and continuing to grow through an internship or entry-level opportunity. A curious learner who enjoys solving problems, working with technology, and developing new skills.

TECHNICAL SKILLS

Programming & Web	Java, JavaScript, HTML, CSS, React, Laravel
Databases	MySQL, Oracle, PL/SQL
Tools & Concepts	Git, GitHub, REST API fundamentals, responsive design, socket programming

ACADEMIC PROJECTS

Bus Ticket Reservation System

Java · MySQL · Socket Programming

- Developed an academic desktop application concept for managing buses, users, bookings, and payments.
- Worked with database-driven operations and explored multi-user communication using socket programming.

Smart Mining Equipment Monitoring & Fault Prediction System

Oracle · PL/SQL

- Designed database components for equipment information, sensor data, maintenance records, and fault predictions.
- Practiced organizing and managing structured data for equipment monitoring.

Responsive Web Portfolio

HTML · CSS · JavaScript

- Built a personal portfolio website to present projects, technical interests, skills, and contact information.
- Applied responsive layout and basic front-end design techniques.

EDUCATION

African University of Central Africa (AUCA) Current studies · Rwanda

E.S Kagogo Senior 6 · 2022–2023

Ecole de Science de Musanze Senior 4–5 · 2020–2022

G.S Saint Jerome Janja Senior 1–3 · 2017–2019

CAREER INTEREST

Seeking an internship or junior opportunity where I can contribute, learn from experienced developers, and strengthen my practical software development skills.
